## Hope and Inspiration The Best at Braille

By Adam Silva

Mattapoisett resident and Old Rochester Regional Junior High student Marisa Parker has won the 2009 Volunteer Award given by the National Braille Press. Ms. Parker, 15, was born with an eye disease that caused her eyes never to develop correctly, resulting in total blindness. The event took place on Tuesday, June 16 in the Back Bay section of Boston.

"We gave this award to Marissa because she has been dedicated to prove that Braille is not an outdated technology," said Kimberly Ballard, a member of the National Braille Press. "There are very few books out there printed in Braille in comparison to how many books are published. Braille is basically the only way for blind people to read and write. We are just exploring a whole new world of possibilities of how Braille can be used."

Braille has been expanding to other forms of technology as of late. Like all students, Marissa uses a computer, although one that's specifically designed for the vision-impaired. Not only are there Braille computer keyboards, but Marisa has a specially designed PDA with metal keys on a refreshable screen that allows her to feel what is on the computer screen, enabling her to surf the internet like anyone else. Ms. Ballard stated, "Advances in Braille complement technology, proving that they can

coexist."

In October 2008, actress/writer/activist Lilly Tomlin hosted an event on the subject of Braille. Marissa demonstrated for Ms. Tomlin the new advances in technology, including her PDA. Ms. Ballard said that although Lilly is new to the Braille organization, she has become large in supporting it and has become immersed in the world of it.

On Saturday, June 20, Marissa represented the state of Massachusetts in an academic competition for Braille students, the 9<sup>th</sup> Annual National Braille Challenge, where she placed third in her age group. Along with 60 other blind students, ages 6 to 19, she competed in categories that required them to transcribe, type and read Braille using a Perkins Braille device. Each category tested their Braille skills in reading comprehension, Braille spelling,

Every participant in the Challenge received a trophy, but the first through third place winners in each age group received a savings bond ranging in value from \$500 for the youngest group and \$5,000 for the oldest. Along with the prizes, Freedom Scientific Corporation donated the latest adaptive equipment for those who read Braille, a portable device called a PacMate. A PacMate is the first accessible pocket PC with a Braille display.

### 4th of July Events Celebrating Independence By Adam Silva

The Tri-Town will be offering a grand amount of activities this Independence Day Weekend. The Marion Fireworks Committee will be presenting their annual fireworks show from Silvershell Beach on Friday, July 3. The Benjamin D. Cushing Veterans of Foreign Wars Post 2425 will be holding their Annual Fourth of July Parade throughout the center of Marion. The 39<sup>th</sup> Annual Mat-tapoisett Road Race will take place at 9:00 am on July 4. The Marion Horse Show will take place on July 4 starting at 8:00 am and concluding at roughly 3:00 to 4:00 pm, depending on the number of participants.

At the Tuesday, June 16 Marion Board of Selectmen Meeting, the Marion Fireworks Committee met with the Board to discuss the possibly troublesome financial situation that the Committee was facing. The Committee was lacking the necessary donations in time to make the fireworks light up the sky above Silvershell Beach. Marion resident Lee Vulgaris stepped in to aid the Committee at the June 16 Meeting.

"Lee Vulgaris was very generous," said Chris Collings, Head of the Marion Fireworks Committee. "He

looked at the quandary, which was the financial situation of the fireworks this year, which was created by public spending rules. They say that you must have all of your money set to go forward with the program, which I will say are good rules. In this instance, we knew that we were going to be raising money all the way up until July 3, but we didn't have enough money at that point to go forward, since contracts needed to be signed. He just said 'I just guarantee the difference if there is one.'"

Mr. Collings says that the Fireworks Committee plans on raising as much money as they can so they will have to borrow as little as possible from Mr. Vulgaris. The Committee will be collecting donations at the fire-

works ceremony, as there will be a donation station at the entrance to the park. Glow sticks will also be sold with the proceeds going towards the fireworks. The proceeds from the food that will be sold at the event do not go in any way towards the Fireworks Committee.

Getting to the area as early as possible is something that Mr. Collings strongly suggests. The normal parking on the street rules will be in effect, but the area will be heavily trafficked. The only parking that will be at the beach itself will be handicap parking. The Marion Concert Band, who also plays on Mondays at Silvershell Beach, will be performing at the fireworks ceremony.

"Atlas Fireworks are literally a world-class operation," explained Mr. Collings. "They travel the world and their president and founder is the one who is setting off the fireworks every year in Marion. And you know the boss always sets off the best fireworks [laughs]. We get so much for what we pay. There is a real cooperative effort from the town and from Atlas Fireworks."

The members of the Benjamin D. Cushing Post 2425 Veterans of Foreign Wars have organized their annual Fourth of July parade in Marion. The parade will form at 8:00 am on Saturday, July 4 in the baseball field behind the Marion Town Hall adjacent to Sippican School. Parade starters will be available for line-up and other assistance. The parade will step off at 9:00 am sharp. Those who arrive late

### **Marion Bermuda Race And the Winner Is...**

**By Sarah K. Taylor**

When Martin Jacobson and his crew received the news that they were the winners of the 2009 Marion-Bermuda Cruising Yacht Race, they were surprised and amazed. The captain and crew of *Crescendo*, a Swan 44 MkII Class B boat from Newport, Rhode Island, had sailed by celestial navigation, and were unaware of their lead position in the race. While sailing by the stars can be a challenge during the best of times, it becomes even more so when the stars are covered up by storm clouds. This year's race was, according to Marketing Chairman for the Marion Bermuda Race Organizing Committee Ray Cullum, "brutal." Somehow they managed.

*Crescendo* crossed the finish line at St. David's lighthouse in Bermuda on Wednesday, June 24, at 5:47:13 ADT with an elapsed time of 111h:32m:13s. *Crescendo's* crew includes Aaron Eddington from Shinagawa, Tokyo, Caroline Honorowski, Jacobson's daughter from New York, NY, James Wolmot from Newport, RI, Jeremy Whitty from Sydney, New South Wales, Jonathan Whitty also from Sydney, New South Wales, Marcus Spillane from Fountainstown, Ireland, and Paul Atkins from Bagowlah, New South Wales.

## **Marion Village 5K Run 2009**

**By Robert Chiarito**

After more consecutive cloudy and rainy days than anyone in the Tri-Towns cared to count, area runners awoke to picture perfect conditions Saturday morning June 27 for the Thirteenth Annual Marion Village 5K run. With the sun shining and race time temperatures in the upper sixties, the conditions were set for one of the quicker finish times in the history of the Marion 5K.

Organizers were pleased with another strong turnout as more than 400 runners and walkers turned out for this past weekend's event. While a few runners said that they would not have minded if the sun had waited a few more hours before it made a rare showing on Saturday morning, most were pleased to bask in the light of day as opposed to having to settle, once more, for the clouds and gray skies that have become a South Coast fixture of late.

Finishing first overall was 29 year old Eric Narcisi of Charlestown, MA who finished the race in 15:44, over one minute ahead of the next closest runner, Marion and Old Rochester Regional High School's own Dana Dourdeville who completed the course in a time of 17:00. Narcisi's winning time was considerably quicker than the time of 2008 winner Matt Sullivan, who finished the race with a time of 16:46 a bit slower than most area 5k times due to last year's hot and humid conditions.

On the women's side JoAnn Mathews won for the second time in three years, having also taken the top honors in the 2007 Marion Village 5k. Ms. Mathews of Dartmouth finished well ahead of the other women in the field

as she broke the tape in a time of 18:46, forty-four seconds in front of runner up Anne Preisig of Falmouth.

The race was more than just a day for the winners however, as many of the participants came out just to be a part of an event that helps to raise funds for the Marion Recreation Committee. In many cases several family generations ran together in groups with mothers and fathers often jogging with their little ones in strollers while running side by side with their older children, encouraging one another to complete the course.

The Marion Recreation Committee has a number of events scheduled for the summer that encourage the residents of the town to take advantage of New England's fair climate and beautiful coastline. If you would like to find out more or look at a calendar of upcoming activities you can log onto the Committee's website at [www.marionrec.org](http://www.marionrec.org).

This race was just one of many that will be held throughout the region this summer and runners can find out more about upcoming events by going to the website of local race coordinator JB's Road Race Management at [www.jbrace.com](http://www.jbrace.com) where you can also find a complete list of times for each of the participants in this and past year's Marion Village 5k race.

Southeastern Massachusetts, and is working toward creating a significant endowment from private donations and grants to enhance and enrich the educational experience of students at tri-town public schools.

First, we wish to acknowledge Spirits of Marion, who hosted the wine tasting and provided the cash bar for the evening. Also, many thanks to YMCA Southcoast for allowing us to use their fabulous facility in Mattapoisett overlooking the harbor.

The following restaurants and purveyors of fine foods provided the delicious appetizers and desserts enjoyed by all: Ansel Gurney House, Artisan Kitchen, The Bay Club at Mattapoisett, Matt's Blackboard, Gail's Goodies, Harriet's, How on Earth, Kinsale Inn, Lees Market, Mattapoisett Chowder House, On the Go, Oxford Creamery, Panino's, Rochester Cafe, Rose and Vicki's, Sippican Cafe, Shipyard Galley, Turk's Seafood, and The Wave.

We would also like to thank those who donated the raffle prizes: flowers by Annie Rockwell of Flora/Parlow Mill Farm of Marion; gift certificate from the Frigate Restaurant; art work by Brian McSweeney and Andrew Talty, with complimentary framing and matting by Rogers Gallery of Mattapoisett; and the incredible copper bucket of fine wines given by individual members of the Board of Directors. Special thanks to Steve Gonsalves of Eden Landscapes of Marion for the use of the beautiful topiaries with ivy that added a special flair to the evening.

Many thanks as well to the musicians: Aaron Janik, Koby and Mack Williamson, Spencer Zahn and Mike Wilbur, who played all night "for food." Another great addition was the display of hydroponic gardening by Kevin Tavares, a teacher at Old Hammondtown School and 2008 grant recipient of The Lighthouse Fund.

#### To the Editor:

On behalf of the members of the Mattapoisett Historical Society and the Trustees of the Christian Church, I want to thank the Boy Scouts of Troop 53 for the excellent job they did in repairing and painting the fence at 5 Church Street. As part of his Eagle Scout Badge requirement, Callum McLaughlin planned and organized the project not only for the benefit of the Mattapoisett Museum and Carriage House, but for the entire community.

## Animal Advice

### Jay Gould, DVM

#### FLEA ALLERGIES

*My dog itches almost constantly in the summer and fall and loses hair over his back near his tail. A friend said it could be caused by fleas, but I rarely find more than one flea at a time. Any thoughts?*

Your friend may be right. Many dogs and cats are allergic to flea saliva. All of the changes in your dog's skin can be caused by 1 flea a week. Cats with flea allergy dermatitis tend to get small scabs all over their body. Treatment involves strict flea control in your home as well as on your pet. Talk to your veterinarian about Advantage and Frontline.

### To the Editor:

In December of 2003, in our son's memory and honor and with the assist of many caring and thoughtful friends, we established the Brendan M. McGee Music Scholarship Fund at the Rochester Memorial School. Brendan had a passion for playing the drums and when we listen to the band at the Spring Concert or at the Memorial Day Parade, it sometimes brings tears to our eyes. What an awesome tribute this music fund has become for Rochester Memorial School and our family.

Last year at the Spring Concert at Rochester Memorial School, we awarded scholarship money toward the purchase of a baritone for a young man and a clarinet for a young woman entering the seventh grade to continue their music careers at the Old Rochester Regional Junior High School. It gave us great pleasure to do so!

The Correia Tree was and is dedicated in the memory of Deidra Correia who attended Center School where her father had also gone to school as well. The primary purpose of "Boat Massachusetts" is to foster safe boat operation through increased awareness of required safety equipment, safe boating practices and legal responsibilities. Youth 12 through 15 years of age who successfully complete the course will be issued a safety certificate allowing them to operate a motorboat without adult supervision, as required by state law.

This course will also satisfy the state requirements for personal watercraft users who are 16 to 17 years of age. All graduates will be issued a course completion diploma and a Safety Certificate. Taking the class as a family is highly encouraged and has proven to be highly rewarding.

play music on silverware! He's performed his outrageous impressions for President Ford, Mikhail Gorbachev and countless others at fairs and festivals across the country. Be prepared to participate in a Mountain Band!

- Folk singers Mark Roberts & Andrea Cooper will perform for you on Wednesday, July 8 at 11:00 am. They will sing and amaze you with their talents on a banjo, guitar, a flute and penny whistles. You won't want to miss this colorful performance. During Harbor Days, the library will hold their annual lawn games. This year, the Junior Friends of the Library are in charge of the event and they have very cleverly adapted the games with a space theme. Try your hand at tossing rings around Saturn. The event is on Tuesday, July 14, from 1:00 to 3:00 pm.

- On Wednesday, July 22 from 3:00 to 7:00 pm and again on Thursday, July 23, from 11:00 am until 3:00 pm, you will have an opportunity to view moon rocks and meteorites! These are actual samples on loan from NASA. It is the 40<sup>th</sup> anniversary of man's first walk on the moon and we are very pleased to be able to bring this very special exhibit to the library as part of our summer reading program. This event is open to all. Registration is required for the following special programs. For additional information phone the library at (508) 758-4171.

- Build a space capsule with Martin Hudis, help-

ing you to discover the science of living in space as you and a partner construct a capsule simulator on Saturday, July 25 from 10:00 to 11:30 am. This program is designed for 8 - 11 year olds, who must be accompanied by an older sibling, parent, or grandparent who will serve as their partner.

- The Merlo Family Storytime will take place on Friday, July 10, from 11:00 am to 12:00 pm. Enjoy a very special story and make an "out of this world" craft. There's a surprise ending for this event! Flight School, a program led by Greg Bongiorno, from Bridgewater State College's Aviation Department. He will discuss how to become a pilot, other careers in aviation, math & science skills, and the BSC program. The event will take place on Wednesday, July 8 from 1:00 to 2:00 pm. The event is for students for grade 6 and up.

- A chess club with Mark Hall will be held on four Wednesday evenings, July 8, July 15, July 22 and July 29, from 6:30 to 7:15 pm. Bring your chess set and learn some new strategies for your game!

- This year we have decided to have our program become a charitable effort. Rather than receive a lot of prizes ourselves, we will be earning money for GiftsToGive, a non-profit agency in New Bedford. They repurpose donations of toys & clothing for children and purchase new underwear, socks and school supplies for children in need. You can learn more about their efforts by visiting their website, [giftstogive.org](http://giftstogive.org). Many students from Old Rochester Regional High School have volunteered at their New Bedford location helping paint and assemble shelving units. Several continue to volunteer, helping sort and repurpose donations. Parents, businesses and anyone interested in supporting the children in their effort to help others, are invited to make a donation. Further details are available by contacting Mrs. Burke at the library at (508) 758-4171.

for a sundae is \$3. If something a bit less caloric is more your style, a dish of ice cream is only \$2. What a treat!!

Proceeds will go toward camperships. "We would like to send a minimum of four kids to the YMCA's camp in Mattapoisett this summer. The cost is approximately \$300 per week, so we need to build a lot of sundaes!" said Dennis Desrosiers, chairman of the Church's missions committee. "But, we are piggy-backing on the Library's annual book sale held at the Church and we know how hungry one can get after an afternoon reading and buying books. In addition, by scheduling this lip-smacking event on a Wednesday evening, we all can enjoy a summer band concert at Shipyard Park, just a block away."

Of course, everyone is welcome to stop by for ice cream, whether or not books or music is part of your evening's entertainment. A stroll through the village on a hot summer night with a hot fudge sundae for dessert. It doesn't get any better than this!

# MOVIE REVIEW

## Beyond Tension

By Rob Gonsalves  
[www.robsmovievault.com](http://www.robsmovievault.com)

**The Hurt Locker.** Starring Jeremy Renner and Anthony Mackie. Directed by Kathryn Bigelow. Running time: 131 minutes. MPAA rating: R.

Before *The Hurt Locker* is anything else, it's a first-class action movie. This tense and muscular film, which opened in New York and L.A. last weekend and will get a wider release in July, unfolds in and around various Iraq war zones but isn't really an "Iraq War film." It follows a bomb-squad unit, headed by risk addict Sgt. William James (Jeremy Renner), who by his own count has disarmed 873 bombs. We don't know whether James is brave or crazy or both, but we do sense that he wouldn't rather be doing anything else. He doesn't get cranked up before a mission — a Zen-like calm seems to fall over him. He knows how bombs work, and he knows how to make them not work. He's in his element.

So is the director, Kathryn Bigelow. Absent from the big screen for too long, Bigelow was born to make action-thrillers (see *Point Break* or *Strange Days*), and *The Hurt Locker* may well be her masterpiece, the perfect fusion of director and material. Bigelow loves techno-POV shots; they were all over *Strange Days*, and this film opens with one, the staticky view of a radio-controlled robot rolling towards a concealed explosive. The action in *The Hurt Locker* is loose, caught on the fly and documentary-like, yet still perfectly readable. We always know exactly where the bomb squad is in relation to danger, and things slow way down during a shoot-out between snipers in the desert, during which any number of things go wrong (the ammo salvaged off of a freshly killed soldier keeps jamming because it's too bloody, etc.). The action is frighteningly credible.

The movie is a salute to the soldiers who go in and get it done in the worst possible conditions, though it's not an unabashed salute. James' squad members occasionally freak out and break down; James keeps powering through, a good man (he takes care to treat the locals humanely) with some serious problems. Jeremy Renner, a great actor who deserves to be much

better known than he is, shows flashes of the death wish under James' laid-back demeanor. His men even briefly flirt with the idea of fragging him, because they figure he'll get them all killed — is he a genius or just extraordinarily lucky? Either way, he chuckles as he strides into yet another death-trap, and speaks almost tenderly to the bomb components, some of which he keeps under his bunk later.

There's not a scrap of politics in *The Hurt Locker*, as there also wasn't in last year's unfairly dismissed *Stop-Loss* — perhaps coincidentally, also directed by a woman (Kimberly Peirce). The two movies simply strive to be true to the experiences of those who serve or have served in Iraq. The film's coda is almost a miniature *Stop-Loss* — a soldier comes home and can't deal with things like chopping up carrots for dinner or shopping for cereal, and stop-losses himself right back into the fray. Like its hero, the movie needs its adrenaline fix, but never at the expense of the drama that keeps the anecdotal narrative going. It comes by its thrills honestly, never losing sight of the potential cost in lives. These soldiers do their jobs while acutely aware they could be killed by some of the same people they're trying to save, but they try anyway. *The Hurt Locker* goes far beyond action into almost existential excitement, fear, despair (one soldier bemoans how nobody except his parents, who "don't count," will care if he's killed in action). Kathryn Bigelow has shown Hollywood how it's done: *The Hurt Locker* is the strongest and most satisfying thriller in years.

### A Helping Paw Animal Shelter

A Helping Paw, a local no-kill humane organization, is being hit hard by the current economy. The shelter's income has continued to decline over the last six months, making everyday a struggle just to pay utilities and rent in order to keep the shelter's doors open. Shelter President, Chrissy Tomkiewicz, has continued to face a financial battle since opening the shelter ten years ago.

The shelter phone rings all day long - this is the time of year people are finding kittens under porches or in their yards. A Helping Paw will take in the kittens and rehabilitate them so they can be placed for adoption in loving homes, while spaying the moms so they won't breed anymore.

Shelter volunteers are afraid that without the money to rescue and care for these cats and kittens, they will be left out to take their chances, trying to survive on their own. Chrissy goes on to say, "It is a shame that there are so many more cats and kittens out there that need our help, but we have our hands tied, not having the money

## SALOME'S STARS

**ARIES** (March 21 to April 19) Get your facts together and become familiar with them before you have to face up to that interview. The better prepared you are, the easier it will be to make that important impression.

**TAURUS** (April 20 to May 20) New information might warrant changing your mind about a recently made decision. Never mind the temporary confusion it might cause. Acting on the truth is always preferable.

**GEMINI** (May 21 to June 20) Creating a loving atmosphere for those you care for could pay off in many ways. Expect to hear some unexpected but very welcome news that can make a big difference in your life.

**CANCER** (June 21 to July 22) Stepping away from an old and seemingly insoluble problem might be helpful. Use the time to take a new look at the situation and perhaps work out a new method of dealing with it.

**LEO** (July 23 to August 22) You're still in a favorable goal-setting mode. However, you might need to be a little more realistic about some of your aims. Best to reach for what is currently doable. The rest will follow.

**VIRGO** (August 23 to September 22) A setback is never easy to deal with. But it could be a boon in disguise. Recheck your proposal, and strengthen the weak spots. Seek advice from someone who has "been there and done that."

**LIBRA** (September 23 to October 22) Coming up with a new way of handling a tedious job-regulated chore could lead to more than just a congratulatory memo once the word reaches the "right people." Good luck.

**SCORPIO** (October 23 to November 21) What you might call determination someone else might regard as stubbornness. Look for ways to reach a compromise that won't require a major shift of views on your part.

**SAGITTARIUS** (November 22 to December 21) You're still in a vulnerable mode vis-a-vis "offers" that sound too good to be true. So continue to be skeptical about anything that can't be backed up with provable facts.

**CAPRICORN** (December 22 to January 19) Thrift is still dominant this week. What you don't spend on what you don't need will be available for you to draw on should a possible (albeit temporary) money crunch hit.

**AQUARIUS** (January 20 to February 18) Staying close to home early in the week allows for some introspection about your social life. Sort out your feelings before rejoining your fun-time fellows on the weekend.

**PISCES** (February 19 to March 20) It can be a bit daunting as well as exciting to find yourself finally taking action on a long-delayed move for a change. It helps to stay with it when others rally to support you.

**BORN THIS WEEK:** Your love of home and family provide you with the emotional support you need to find success in the outside world.

### Whaling City Festival

The 40<sup>th</sup> Anniversary Whaling City Festival will be held on July 10, 11 and 12 at the Buttonwood Park in New Bedford.

This year's Festival will see the return of an old favorite, "Rosie's Racing Pigs," as well as an all new show, "Magically Medieval," which will perform at the Festival for the first time this year. FUN 107 will host the Friday night musical line-up with all-star musicians who are heard regularly on the station. The Festival will also host a line-up of new music with bands both local and national who are looking to make a name for themselves at the Festival.

The Whaling City Car and Motorcycle Show is an annual favorite that will make its return to the great lawn on Sunday. There will also be a dance review on the main stage on Sunday afternoon.

Eating and shopping continue to be the focus of the festival with dozens of ethnic, local and festival style food vendors, an enormous flea market, a craft show and non-profit organizations.

Visit [whalingcityfestival.com](http://whalingcityfestival.com) for updates concerning the festival or to apply for the few remaining vendor spaces currently available.

### Fairhaven Fourth of July Events

The Town of Fairhaven Office of Tourism and the Fairhaven Village Militia invite families, clubs, civic groups and individuals to take part in Fairhaven's Annual American History Costume Parade on the morning of Saturday, July 4, 2009.

Participation in the parade is open to anyone wearing a costume depicting any period of American history from 1620 to modern times or anyone dressed in patriotic style. Military personnel and veterans are invited to march or ride in uniform.

Decorated wagons, baby carriages or floats as well as antique or classic vehicles are welcome and encouraged as well.

The parade will begin on Green Street on the east side of Cushman Park at 9:30 am sharp. Line-up time begins after 8:45 am. The parade consists of a one-mile march, south on Green Street to Fort Phoenix.

At Fort Phoenix, there will be a short ceremony followed by the raising of the flag and the singing of our National Anthem. As the flag reaches the top of the mast, a gun salute will be fired by the Fairhaven Village Militia, who will also fire the fort's five 24-pound Seacoast Defense cannons.

For more information, or if you plan to enter a vehicle or float, please contact Chris Richard at the Fairhaven Office of Tourism, (508) 979-4085 or email fairhaventours@aol.com.

### New Bedford Whaling Museum

The New Bedford Whaling Museum announces the opening of an exciting new permanent exhibition, "From Pursuit to Preservation: The History of Human Interaction with Whales," which explains and explores the human fascination with whales and the history of whaling in New Bedford in a global context.

This comprehensive multimedia presentation, developed with a grant from the National Endowment for the Humanities, ECHO (Education Through Cultural and Historical Organizations) funding, and the generous contributions of Museum supporters, forms a new focal point for visitors experiencing the Whaling Museum. "From Pursuit to Preservation" guides visitors through the story of humankind's evolving relationship with whales, from the whale as a source of survival and symbolic power, through to its exploitation for commercial wealth, to the first groupings toward scientific inquiry and contemporary methods of observation and study.

From ancient times, people have used the meat, oil, and bone of whales as important resources for their communities. The whale's importance to humans' physical well-being often fostered a symbolic cultural connection, a relationship that took many forms throughout the centuries and continues to evolve in contemporary art, literature, and popular culture.

In "From Pursuit to Preservation," the Whaling Museum takes visitors on a journey across time and around the world, using many items from its vast collection including unique maritime artifacts and art, photographs and whale skeletons as well as a listening

station, digital picture frames, and thought-provoking interpretive signs to involve visitors in the discovery of the symbolic, spiritual and cultural connections we share with these majestic and increasingly endangered animals.

Humans' complex relationship with whales is told from the early harvesting of beached whales to the development of watercraft and weapons specifically to pursue the animals at sea. Once demand grew, an industry was born to hunt and process whales for the oil that would light the world for three centuries and the baleen that was the plastic of that age. While the Dutch and English led the way in the creation of this industry, by the early 19<sup>th</sup> century, the United States, led by New Bedford, had the most productive whaling industry in the world.

As the success of the industry began to threaten the survival of whales, new technologies made their oil less vital. And while whaling left New Bedford, the pursuit of whales continued in Europe and Asia at new levels of efficient slaughter, hunting that enabled the harvest in one year to outstrip that of the previous decade in total. The move toward preserving whales came as humans hunters become so good at killing that international regulation was needed to keep whales from extermination.

Visitors to the New Bedford Whaling Museum experience come away with a new concept of the power of the whale in the human imagination -- representing

nature's power, the lure of the unknown, a monstrous foe, and a once abundant resource. And the Whaling Museum exhibition also creates a bridge of understanding about how the whale has come now to symbolize our emerging understanding of our place in the natural world and how profound our impact upon it can be. Our hunt now is for knowledge: the better to apply the lessons of the past to the challenges of the future.

Enjoy the Whaling Museum experience and plan your visit at [whalingmuseum.org](http://whalingmuseum.org). The New Bedford Whaling Museum is the world's most comprehensive museum devoted to the global story of whales and whaling. The cornerstone of the New Bedford Whaling National Historical Park, the Museum is located in the heart of the city's historic downtown at 18 Johnny Cake Hill and open daily. ## ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

### Coalition for Buzzard's Bay

The Coalition for Buzzards Bay and the Town of Fairhaven have permanently protected 52 acres of forest land comprising a significant portion of the inland watershed to the Nasketucket River, Austin Pond, and downstream Little and Nasketucket Bays.

The land will be owned and managed by the Town of Fairhaven Conservation Commission. A small piece of the land will be held by the Coalition while it works to clear an existing title issue and then it will also be conveyed to the town.

The area, called Nasketucket Woods includes forest, freshwater wetlands, perennial streams, a vernal pool, and protected habitat for rare species, including the Eastern box turtle, in the immediate vicinity of the Nasketucket River. The property links to several other conservation areas, the Mariner Soccer Field complex and the East Fairhaven elementary school. It will be open to the public for recreational activities, including hiking and bird watching. Trail improvement and maintenance activities are envisioned for the site.

"The town is pleased that this land purchase has finally gone through. It is a significant piece of property that is environmentally sensitive and was vulnerable to development. With assistance from the Community Preservation Committee, the Commonwealth of Massachusetts and town meeting members, Nasketucket Woods is now permanently protected for all residents to enjoy," said Fairhaven Town Planner Bill Roth.

The Coalition helped facilitate the transaction by securing the option to purchase from the landowner and assisting the town with raising the necessary funds. The costs of the project were paid with funds from a state grant through the Local Acquisitions for Natural Diversity (LAND) Program (formerly known as the Self-Help Program), the Fairhaven Community Preservation Committee, a mini-grant from the Buzzards Bay National Estuary Program, and a loan from the Coalition's Bay

Lands Revolving Fund. A local grassroots group, Friends of Nasketucket, helped with the acquisition by supporting the Town's land application and building support at Fairhaven Town Meeting.

The protection of natural lands in the watershed is critical to protecting water quality in Buzzards Bay. Healthy forests, wetlands and stream buffers serve a vital function as pollutant filters, absorbing as much as 90% of the nitrogen and other pollution generated by human activities before it reaches the bay. Land conservation also benefits local communities by protecting drinking water, wildlife, aesthetic vistas, open space, rural character, recreational opportunities and the special places that people treasure.

"The town was interested in preserving this area primarily because it is located within a backup drinking water supply area. The Coalition was interested in seeing that it remain as open space because it sits within the watershed that drains into Little Bay, which suffers from nitrogen pollution," said Brendan Annett, Coalition vice president of watershed protection.

The protection of Nasketucket Woods continues. The Coalition for Buzzards Bay's long-term focus on preserving natural lands surrounding Nasketucket Bay. Over the past decade, the Coalition has worked to protect such landmark properties as the Nasketucket Bay State Reservation, Nulands Neck and the Viveiros Dairy Farm.
